“Congratulations Class of 2021

An Irish Blessing to Begin...

May Confidence Surround You And Doubt Never Find You.

Advice: Live every day as if it's your last, but plan financially as if you will live forever.

German: Es ist nicht genug, zu wissen, man muß auch anwenden; es ist nicht genug, zu wollen, man muß auch tun.

-Goethe

Spanish: "Has conquistado una meta...ahora conquista tu sueño."

An Irish Blessing to End...

May you always help others and give a hand

May you always listen and understand.

May you have few tears

May happiness fill your years.”

“Congratulations on coming to the conclusion of your time here at Trinity! The door is now open to go out and make your mark on the world! As you go out, you go into a world of uncertainty, but uncertainty can be a guiding light. I have often told many of my students when I graduated high school I knew exactly what I wanted to do, which was to become a physical therapist. By the time I graduated college, I switched to a History major but had no idea what I wanted to do with that. It took two years of uncertainty to figure out my path towards becoming a history teacher. You have successfully navigated your way through a year of great uncertainty, difficulty, and anxiety amidst the pandemic and are now graduating! As you continue on your path, follow your passion to take you where you want to go.”

Science Department:

“Good luck & Best wishes to the Class of 2021. Be diligent, work hard & make good decisions. Trinity teachers do a fantastic job preparing you for your future work. Be confident in yourselves & the education that you have received. Set goals for yourself & focus each day on achieving them.

Personally, I enjoyed having you guys in class. Maybe it was because I was only in the classroom for half of the year so there was less time for us to get on each other's nerves. Maybe you guys are just different from other classes. Not sure. But I do know that I will always remember the students of the Class of 2021 as being intelligent, athletic, funny & kind-hearted.

Take care, you will be missed & keep in touch.”

English Department:

“Congratulations, Class of 2021 - you did it! With brand-new independence and confidence, you are ready to leave high school life behind you and begin a life you create for yourself. Never underestimate all the good you are capable of, the impact of your dreams and ideas, the special people you are now, and all you have to offer the world. Best wishes for a future that will bring you closer to the happiness and success that you deserve. Never forget that I will be thinking of you and cheering you on from afar - you will be missed!”

Math Department:

“Hello Class of 2021!

I hope this letter finds you all extremely excited about all of the possibilities for your future beyond Trinity High School! As you begin to find the path you will take, you will want to be successful with the life you choose. Successful at your job, successful with your family, or whatever you will define as ‘success’ for yourself.

I wanted to share some characteristics that I observe among people that I feel are ‘successful’ in their lives:

1. Value your health
Above all your health is the most valuable. You can not expect peak performance from your mind and body if you do not take care of them. Exercise often, eat well - balanced meals, and find ways to relax.
2. Treasure your family
Whatever you define as ‘family’, treat them well. Honor them. Your family invested time in your development, so invest in them. You can never get time with relatives back once they are gone.
3. Find a good work/life balance
You will most likely need to work in your life - no matter if you are being paid or if it is volunteer work. Find a way to manage the time you invest in your job with the time you invest in your life. Enjoy your free time and make the most of it!

I am extremely grateful and honored to write this letter to you! Thank you for letting me write it, and thank you even more for reading it!

Enjoy your post-Trinity life!”
